EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

Claim 5, line 1, after "claim" change "13" to -10--;

Allowable Subject Matter

2. After a further search and a thorough examination of the present application and in light of the Applicant's arguments and in light of the prior art made of record, claims 5-6, 8-12 and 14-16 are found to be in condition for allowance.

Reasons for Allowance

3. The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The claims are allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose a transcoding method

comprising the steps of performing adaptive frame rate transcoding for a sub-GOP, the sub-GOP comprising one or more types of pictures of an input compressed signal stream to be transcoded wherein all I pictures are transcoded, and if a series of pictures comprises a (BP) pair, applying adaptive picture rate transcoding with joint temporal-spatial rate control to the series of pictures of the (BP) pair.

It is noted that the closest prior art of record Wang (US Patent no. 6,643,327) teaches a similar transcoding method, however, Wang fails to particularly teach or suggest *“adaptive frame rate transcoding for a sub-GOP, the sub-GOP comprising one or more types of pictures of an input compressed signal stream to be transcoded wherein all I pictures are transcoded, and if a series of pictures comprises a (BP) pair, applying adaptive picture rate transcoding with joint temporal-spatial rate control to the series of pictures of the (BP) pair.”* as specified in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
